## Possibility Builders, NEST

NEST transforms the building materials industry by solving existing challenges and pioneering sustainable innovations. We push boundaries with green materials and breakthrough technologies to help shape a better world.

**422.4kg**

Each 1 m<sup>3</sup> of product upcycles about 422.4 kg of waste plastic.

(Based on WPC Decking, ND017)

**60%**

Wood Usage Reduction:  
From 100% to about 60%.

(Based on WPC)

**30YEAR**

Extended Product Lifespan:  
5–10 years (wood) → 20–30+ years

(Based on WPC)

**1/5**

TVOC Emissions :  
Around 20% of the typical level

(Compared to conventional wood products, based on data from Mineral Wall, Quartz Board, and Mineral Flooring)

**300%**

Energy Savings:  
Thermal transmittance ~1.5–3.0× better than wood flooring

(Mineral Flooring 1.52×, SPC Flooring 2.86×)

**50%**

Weight Reduced by ~50%

(Compared to tiles, based on data from Mineral Wall and Quartz Board)

Smart All-in-One Wallboard

## ABOUT N-BOARD

A next-generation interior board made from upcycled plastic, offering superior durability, moisture resistance, and easy installation — all while reducing waste and cost.

**Flame Retardant**  
Certified Flame-retardant performance

**Ultra-Lightweight**  
Easy to handle

**Anti-Fingerprint**  
Always clean

**Absolute matt**  
No glare finish

**Korean-Made PET Finish**  
Premium eco-friendly finish, superior to PVC

**Soft Touch**  
Smooth premium feel

**Water Resistance**  
Safe for wet areas

**Cost Efficiency**  
Saves on expenses

**Dry Construction**  
No cement, quick install

**Easy Installation**  
DIY-friendly

**Eco-Friendly**  
Made with upcycled plastic

**Dimensional Stability**  
Keeps its shape

**Stain Resistance**  
Easy to clean

# MineralWall™

Premium Inorganic Decorative Wallboard

## ABOUT MINERALWALL

An innovative material with the refined aesthetics of marble or large-format tiles

**Limited Combustibility**  
High-performance wall material

**Ultra-Lightweight**  
Easy to handle

**Anti-Fingerprint**  
Always clean

**Absolute matt**  
No glare finish

**Soft Touch**  
Smooth premium feel

**Water Resistance**  
Safe for wet areas

**Cost Efficiency**  
Saves on expenses

**Antibacterial**  
Inhibits bacterial growth

**Dry Construction**  
No cement, quick install

**Easy Installation**  
DIY-friendly

**Eco-Friendly**  
Made with upcycled plastic

**Dimensional Stability**  
Keeps its shape

**Abrasion Resistance**  
Scratch & wear resistant

**Stain Resistance**  
Easy to clean

## Interior Flooring

# Mineral Flooring™

Next-Generation Mineral-Based Flooring

A premium flooring made from natural minerals, offering fire resistance, water resistance, termite resistance, a PVC-free core, and a high-strength surface finish.

**Mineral Core**  
Advanced mineral-based material

**Excellent Wear Resistance**  
Rated AC4 for superior durability

**Eco-Friendly**  
PVC-free and biodegradable

**Slip Resistance**  
P5 grade for safer footing

**Water Resistance**  
Excellent waterproof performance

**High Thermal Conductivity**  
1.5× higher heat transfer efficiency

**V-Edge Coating**  
Seamless color edge finish

**Synchronized Embossing**  
Realistic texture aligned with the wood grain

**SUPER EO**  
TVOC emission 1/5 of wood flooring

**Stain Resistance**  
Resists everyday stains and dirt

**Fire Resistance**  
Non-combustible mineral composition

**SIZE**  
Tile Type : 810 × 405 × 8.2T / 1pc  
Wood Type : 1,218 × 168 × 8.2T / 1pc

## Interior Flooring

# DOLMARU™

Durable Stone-Plastic Composite Flooring

Engineered for both strength and practicality, SPC (Stone Plastic Composite) flooring brings the solidity of stone together with hassle-free, glue-free installation and long-lasting durability.

**Next-Generation Material**  
Built with unmatched quality

**High Abrasion Resistance**  
Strong and dense structure

**Water Resistance**  
Excellent moisture protection

**High Thermal Conductivity**  
Delivers energy efficiency—about three times higher than wood flooring

**Adhesive-Free Installation**  
Quick and easy click system

**Eco-Friendly**  
Formaldehyde emission level of 0.001

**Eco Label Certified**  
Certified by Korea Eco Label

**Stain Resistance**  
Easy cleaning and care
